PET PHOTOGRAPHY INFO SHEET

About the Day

General Information

- **One in, one out policy:** you won't have to share the studio with other pets and their owners
- All animals are welcome, but we ask that they are **comfortable in new environments** and able to **sit and stay on command** even if just for a moment
- **If your pet is nervous:**
  - **Keep your distance** from other animals while waiting
  - Ensure they are in an **enclosure or on a lead**
  - If your dog wears a **muzzle**, please have them wear it **before** and **after** your session in the studio
  - You may wait in your car or outside until your session time—just let us know, and we'll call you when your session begins
- Water will be available for both pets and owners, however, please bring treats if your pet has **food sensitivities** (we provide generic treats only)
- If you have special concerns about your pet's needs, feel free to reach out to discuss them in advance
